## **Information About Brilyn**

**Registered Name:** Brilyn Bed & Breakfast and Nature Tours

**Email:** brilyn@brilynestates.com

**Web Site:** <http://www.brilynestates.com>

### **Business Description**

#### **Sustainable Products**

- Manufacturer, Wholesaler, Retailer
- Continued Research & Development for new products
- Certified installer and service provider for multiple sustainable product manufacturers including wind, solar, hydrogen/hybrid fuel systems and electric scooter style bicycles.

***Dealers Welcome

# Solar/Wind

*With a Solar, Wind or combined 12 volt power System  
Green Your Power & Hot Air/Water Systems*

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

# SOLAR POWER

**UP YOUR "DC's"... Start Saving Money**

## How To Get A Return On Solar Power Investments ....

The key to getting a return on your Solar Power Investment is to Reduce Your Power Consumption. The best way to reduce power consumption and still continue to enjoy all the conveniences of a current lifestyle is to change to 12 volt appliances & lighting

## How To Get Started

Start with a basic system with two solar panels and a small battery pack for storage. Gradually start changing your lights and appliances to the 12v type and operate them on your solar power system. Start saving money on your power bill and use the savings to build up your alternative power system and battery storage gradually.

## Solar Panels from 1 watt to 300+ watts

*We Sell Highly respected, quality brand name panels*

- Mono-crystalline / Poly-crystalline / Many Popular Brands
- Maximum power output even under reduced light conditions.
- Ideal for small power needs to large grid connected systems
- Industry leading energy yield performance.
- Highly transparent tempered glass delivers more power and ensures high impact resistance and protection against hail, snow, ice, and storms

**Buy 2 & Receive Discount on a MPPT Charge Controller**

**Solar Panels starting at 99.00**

**\*Call for pricing on panels that work for your application needs**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## DIY solar panel kit...

Make your own solar panels

This kit comes with 40 - 3.x 6 Solar Cells plus encapsulant, cell bus wires, connectors, diodes everything you need to build one 70w panel except for the glass.

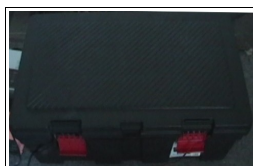

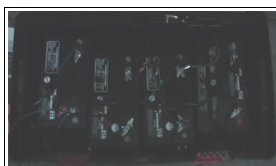

**\$119.00 pls hst**

## Ready to Install

## SOLAR POWER Full SYSTEMS

**Basic 350 w starter package includes:**

- Two 175w Solar World solar panels
- 25 Amp MPPT charge controller
- 50ft 10/3 Tough Cable
- Charge Isolator
- Blue Sea 12v 100am 12 Circuit Distribution Block
- Four 135 amp batteries
- Battery Storage Box with outside venting
- 10 Cables for battery connections
- 750 Watt Power Inverter

**Starting at 1999.00**

**\*Call for pricing on solar pkgs that meet your application needs**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## Solar Hot Water Systems

Vary in sizes. In house manufactured systems and access to many other products available. The most efficient way to reduce home heating expense is to install a solar hot water system.

**Basic solar hot water system for a standard house starts at about \$3000, call to inquire.**

## Windmills

Windmills require a bit more user monitoring than solar panel systems but with a little more attention and sticking with smaller windmills of "ornamental" size they become an efficient source of harvesting free power and energy especially when added to your existing alternative power system.  
From 800 watts to 3.5 kw

**Windmills starting at 699.00**

### Windmill Tilt Up Tower Plans

With these plans you can build a tower for your wind generator that will allow you to easily raise and lower the pole for installation and maintenance.

**Starting at 25.00 and up**

### Anchor Kits

Anchor kit includes the cables, anchor bolts, misc hardware, winch and tower plans.

**Starting at 299.00 and up**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

# 12 Volt Appliances & Lighting

*With a 12v Solar and/or Wind Power System  
Start converting to 12 volt for everyday use products*

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## 12 Volt Appliances

Appliances can be the biggest draw on your power. Now we have a line on some of the most dependable 12 volt refrigerators and freezers ever made.

**Starting prices** are comparable to new standard refrigerator and freezer prices normally under \$1000

*Pics here are:*

**Refrigerator: Sun BCD-210L**

**Freezer: Sun BCD-258L**

## LED Lights: Indoor

**LED E27 12W 4x3w Pure Light High Power Energy Saving Bulb Lamp AC 85v-265v**

- Beam angle: 180 degrees
  - Reflector efficiency: 90%
  - Great reduction of carbon emission, environmentally friendly
  - Solid state, shockproof
  - Light Source: 3 Watt LED Chips
  - Material: Outer Case - Durable aeronautic aluminium alloy
- Does not contain lead, mercury and other pollution elements
  - Ambient operating temp range:-22°F to +122°F (-30°C +50°C)
  - Body Temperature: <60°C
  - LED Bulb lifespan: >50,000 hours
  - Safety compliant: CE & RoHS
  - Low heat, no UV or IR radiation

**Price Slashed!**

**Now Suggested List Price: ~~\$10.00 each~~ is.... \$7.00 each**

**Now Box of 20 is..... \$130.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## Introduction

Genesis Great Quality LED Bulbs  
CE and ROHS certified  
No Harmful Mercury!

Bulbs will fit directly into standard existing light fixtures in North America so you can start saving money right away! If you are already running on 12volt (ie. solar power, etc) these are also the bulbs you want to buy.

**Your purchase of these bulbs will go a long way in supporting our Clean Up The Mercury Program..**  
**see more about this program at our website**  
**<http://www.brilynestates.com>**

**Printed Responsibly: Recycled Paper, Water Based Ink**  
All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

# Genesis Great Quality LED Bulbs

Emitting Color: Cool White

Base Type & Voltage: E26/E27 110V

Ones listed here are Cool White emitting color, feels just like being in daylight. Also available in Warm white color same price.

## Sugstd List Prices

36 SMD 12W: \$7.00

48 SMD 15W: \$8.00

56 SMD 18W: \$9.00

## FULL SPECTRUM: Grow Lights

Smallest Full Spectrum Led Grow Light E27  
15W For Flowering,Hydroponics

- LED Chips: 3W
- LED Quantity: 5pcs
- Full Spectrum: 1pc 660nmRed + 1pc 630nmRed + 1pc 460nmBlue + 1pc 525nmGreen + 12000K White
- Input Voltage: AC85-265V
- Lumens: 700lm
- Lifespan: 50000hours
- Base Type: E27

Sgstd list price: \$35.00

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

# LED Lights: Spotlights

## LED 10W RGB Spotlight with remote control

- LED Color: 4 main colors(Green, Red, White & Blue)
- 16 different colors in total(change colors via remote controller)
- Output Lumens: 900 Lumens
- Input Voltage: 12V DC
- Beam Angle: 140°
- LifeSpan Time : > 60,000 hours
- Dimensions : 114mm(4.49") W x 86mm(3.39") H x 88mm(3.46") D Waterproof: IP65

**Sgstd list price: \$35.00**

## LED 20W RGB Spotlight with remote control

- 1 pcs 24 Keys IR remote controller
- LED Color: 4 main colors(Green, Red, White & Blue), 16 different colors in total (change colors via remote controller)
- Output Lumens: 1800 Lumens
- Input Voltage: AC 85V-265V
- Frequency Range: 50-60Hz
- Beam Angle: 140°
- LifeSpan Time : > 60,000 hours
- Size: L180\* W140\* D 100mm
- Waterproof: IP65
- Cover: 5mm High Strength Glass Aluminium

**Sgstd list price: \$35.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## 10W LED Day White Outdoor Flood/Spot Light

Used for lighting Entrances / Garden /  
Construction Building/Pedestrian paths  
Stairwells/Corridors/Advertisement Billboard  
/Play Yards

### Description:

- Waterproof(IP65) and Long Lifespan
- Material: High Strength Aluminum
- Input : DC 12V
- Waterproof: IP65
- Life span:30,000 hours
- Output:10W
- Protection : IP65 Waterproof
- Day White:6000K-6500K

**Sgstd list price: \$25.00**

---

## 10W 12V RGB LED Underwater Light Waterproof IP68 Spot Light Lamp with Remote Control

- Approved: CE/RoHS
- Housing Case:Stainless Steel
- Colour: RGB(with 24key remote control)
- Input Voltage: AC/DC12V
- Luminous Intensity: 800-900lm
- Power: 10W
- Dimensions: D74.2mm x H76.5mm

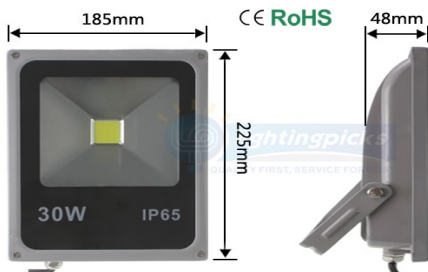

- Projection distance:30M-50M
- Beam Angle: 60degrees
- LED working temperature: -25°C - +65°C
- Weight: 300g
- Waterproof: IP68
- Long life span reaches 100,000hrs

**Sgstd list price: \$30.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## 30W Spotlight

Input Voltage	85-265V AC
Rated Power	30W
Working Power	25W
Color Temperature	Warm White ( 2700K-3200K ) Cool White ( 6000K-6500K )
Brightness	2400LM
Diamention	225mm*185mm*48mm
Feature	Eco-Friendly And Energy Saving
Material	High Strength Aluminum
Protection Grade	IP65/IP66
CRI	>75
Lifespan	10000Hours
Certification	CE, ROHS, UL&CUL, SAA

**Sgstd list price: \$50.00**

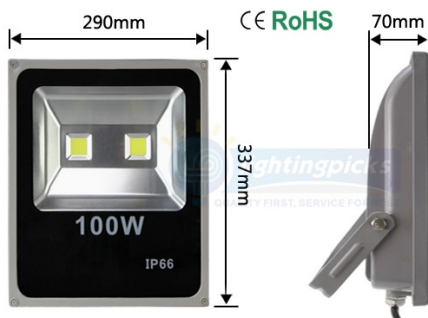

## 50W Spotlight

Input Voltage	85-265V AC
Rated Power	50W
Working Power	40W
Color Temperature	Warm White ( 2700K-3200K ) Cool White ( 6000K-6500K )
Brightness	4500LM
Diamention	284mm*232mm*56mm
Feature	Eco-Friendly And Energy Saving
Material	High Strength Aluminum
Protection Grade	IP65/IP66
CRI	>75
Lifespan	10000Hours
Certification	CE, ROHS, UL&CUL, SAA

**Sgstd list price: \$75.00**

## 100W Spotlight

Input Voltage	85-265V AC
Rated Power	100W
Working Power	80W
Color Temperature	Warm White ( 2700K-3200K ) Cool White ( 6000K-6500K )
Brightness	8500LM
Diamention	337mm*290mm*70mm
Feature	Eco-Friendly And Energy Saving
Material	High Strength Aluminum
Protection Grade	IP65/IP66
CRI	>75
Lifespan	10000Hours
Certification	CE, ROHS, UL&CUL, SAA

**Sgstd list price: \$130.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## DJ Party Light

- Model: FT-M02
- Working modes: Automatic mode/Sound control mode
- Input voltage: 110-220V AC, 50Hz/60Hz
- Power: 30W
- Light source: 6 x 3W (18W)
- Size (H\*D): 16.5 x 17.5/6.49" x 6.88" (approx)

**Sgstd list price: : \$40.00**

## 4 Mode Crystal Ball USB/MP3 with remote

- Lighting Color: RGB
- Lighting Mode: Voice-control, Automatic lighting and MP3 feature
- Beam Angle: 180°
- Power: 12W
- Working Voltage: AC 90-240V
- Dimension: 15 x 17.5 cm

Note: The remote control can only be applicable for MP3 function

**Sgstd list price: : \$50.00**

## 36W RGB LED Flat Par Stage Lights

- Size: 175mm\*175mm\*100mm
- Power: 36W
- Voltage: AC 110-220V 50/60Hz
- Approvals: CE/RoHs
- Operation: Auto, Sound

**Sgstd list price: \$55.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## RGB LED Laser Light Projector Bulb

- Voltage: AC power supply 85-260V
- Power: 3W
- Interface type: E27
- Light color: RGB
- Weight: 156g
- Color: White

Not suitable for dimmers or electronic switches or remote controls.

**Sgstd list price: \$15.00**

---

## SOLAR POWERED: Water Pump Fountain Kit

- Brushless DC water pump, pump water easi
- Solar battery power: 7V ,140mA
- Solar panel size: 11cm \* 11cm(square)
- Pump power: 6V , 120mA
- Max flow quantity of pump : 150L/H
- The life time : over 10000 hrs
- Delay: less than 3s

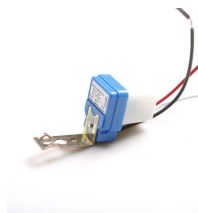

**Sgstd list price: \$25.00**

---

## AS-10 AC/DC 12V Dusk till Dawn Automatic Photocell Light Sensor Detector Switch

- To turn on or off the light in day and night without manual operation
- Input Voltage: DC or AC 12V
- Max Load Current: 10A
- Size: 45x42x35mm
- Frequency:50-60Hz

**Sugstd Price: \$10.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

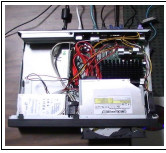

# Solar Office & Entertainment

*Make the most of your 12v Solar and/or Wind Power System by converting your computers and entertainment systems to run on 12 volt.*

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## SOLAR POWERED COMPUTER SYSTEM

## Now You Can Green Your Printing System Too!

### Continuous Ink Supply Systems (CISS) and non toxic ink

Systems for many Canon, HP and Epson Printers

Includes approx 350ml of each color ink

ie. 100ml each color reservoir, 250ml each refill  
bottle

Include make/model when requesting quote

**Avg price for 4 color printer CISS installed is about  
\$249.00**

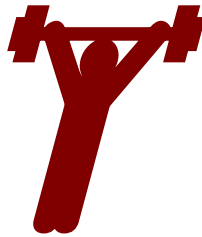

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

# Health & Well Being

Changing to alternative power and energy and less toxic products is good for the environment. Check out our unique products and kits designed to make you look and feel better too.

*Feel Good About You*

**Printed Responsibly: Recycled Paper, Water Based Ink**

# Earth Element Pendants ©

*by Brilyn*

## ***Why Earth Element Pendants?***

Naturopathic Medicine is an accepted and proven medical science that reaches beyond conventional medicine to promote health and well being by enhancing the vital force energies of our bodies. Many health and wellness centers, religions, and cultures around the world recognize various methods of improving and stabilizing the body's vital force energy by using elements of earth such as Chakra Healing Stones, Reiki & Feng Shui. Earth Element Pendants are a unique fashionable way to carry a bit of orgone energy with you.

## ***How Are Earth Element Pendants Made?***

Materials used for these pendants are based on orgone energy science using quartz silica sand and iron oxides for the base. The top is layered with chakra stones, crystals, metals, titanium dioxide and metal charm. All of these elements from earth are encapsulated in a clear resin and dried in the sunshine to tune to the sun's frequency. Sun rays are part of the natural electromagnetic radiation given off by the Sun which is an effective source of vitamin D.

## ***How Do They Work?***

A catalytic reaction occurs when the resin hardens compressing the sand, oxides, stones, crystals and metal pushing them together into one complete orgone energy force. An Orgone energy force helps to negate some of the harmful man made electrical magnetic frequencies (EMFs) from cell phones and digital wireless systems (wifi). With less harmful EMF's the vital force energies of our bodies can realign back to their natural biorhythms and biofrequencies. A touch of Titanium dioxide (the white pigment found in paint, toothpaste, skim milk, and sunblock) has been added in an effort to reduce some of the carbon in the air around the person wearing the pendant because titanium dioxide has now been proven to be a "carbon eating" oxide. Recharge the pendant by laying it in the sunshine backside up is best so the orgone can absorb the sunlight.

***Each Pendant Uniquely Designed & Handcrafted by Local Artists.  
Personalized or Corporate Logo Pendants created upon request.***

**Starting at 19.99**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## **"Natural Feel Good Kit" © by Brilyn**

Keep those Natural Biorhythms in Tune and Beat Those SAD winter blues with our all new Natural Feel Good Kit. A Pendant to negate harmful emfs and balance biorhythms and lights for your indoor and outdoor surroundings that are more similar to sunlight rays.

***Kits contain various quantities of:*** the Earth Element Pendant by Brilyn, LED Pure Light High Power Light Bulb, Full Spectrum LED Grow Light, LED Spotlight as shown below. Prices vary dependant on quantities of each item.

### **Earth Element Pendant© by Brilyn**

Choose from many handmade designs and wear to promote good health and balanced biorhythm.

### **LED E27 12W 4x3w Pure Light High Power Energy Saving Bulb, Lamp AC 85v-265v**

to replace existing bulbs with light that is closer to natural daylight than conventional bulbs.

### **Smallest Full Spectrum LED Grow Light E27 15W**

Full-spectrum light covers the electromagnetic spectrum from infrared to near-ultraviolet just like sunlight.

### **LED 12V DC 10W RGB Spotlight with remote control**

Light up your outdoors and give a nice look to your outdoor security with these great spotlights. Underwater pool lights also available to add to package for additional cost

**Natural Feel Good Kits starting at \$69.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## Adjustable Unisex Magnetic Posture Back Shoulder Corrector Support Brace Belt

Helps to ease back and shoulder pain with 5 magnets aligned down the center spine and 6 magnets across the lumbar region.

Support straps around the front shoulders to pull them gently back for correct posture. Helps to make you stand taller and straighter. Comfortable and light nylon material to wear underneath clothes, with no discomfort or visibility.

- Fits 90-110cm chest and waist (strap is adjustable)  
**Medium:** 80cm/31.5" or **Large:** 118cm/46.5"
- Color: White
- Package included 1 x Magnet Back Support
- Weight: App 100g
- Unisex
- Material: Nylon
- Hand washable

**\*\* Those having spine or back problems should consult their physician before using this product.**

**Sgstd list price: \$20.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## 250 KELP CAPS Now Foods

Kelp, a large, leafy brown algae, is a good source of minerals, including potassium, magnesium, calcium and iron. Kelp and Dulse are both excellent sources of iodine. Dulse is also a great source of fibre.

### Supplement Facts

Serving Size: 1 Vcap per serving

Iodine 325 mg

Kelp 250 mg

Dulse 150 mg

**Other Ingredients:** Cellulose (capsule), Cellulose, Magnesium Stearate (vegetable source) and Silica.

**Recommended Use:** As a dietary supplement, take 1 Vcap daily, preferably with meals.

**NOTES:** Contains no sugar, salt, starch, yeast, wheat, gluten, corn, soy, milk, egg, shellfish or preservatives. Vegetarian/Vegan Product

**Sgstd List Price: \$20.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## PREVENTION ACF by Buried Treasure

**Prevention ACF** by Buried Treasure is an advanced, comprehensive formula specifically designed to insure optimum immune support. Prevention ACF is designed to promote the body's natural defense system to help you stay well.

- Vitamin C
- Citrus Bioflavonoids
- Zinc
- Black Elderberry extract
- Olive Leaf extract
- Astragalus Root
- Beta 1 3 Glucans
- Echinacea Purpurea
- Cats Claw
- Reishi Mushroom extract
- Shitake Mushroom extract
- Maitake Mushroom extract
- Ginger Root
- Colloidal Silver

**Other Ingredients:** Other ingredients: Purified mountain water, white grape juice, orange juice, natural flavors (coconut, berry, orange, vanilla) and potassium sorbate (to insure freshness).

**NOTES:** This product is wheat, gluten and dairy free.

**WARNINGS:** Pregnant and nursing women should check dosage with their health care professional.

**Sgstd List Price: \$35.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

## QUANTUM SCALAR WATCHES

These Quantum Scalar Watches are nice, stylish, analog quartz watches, that each contain a Quantum Scalar Chip.

*Ladies Watch Black Strap*

*Men's Army Watch Green Strap*

*Men's Army Watch Khaki Strap*

**Sgstd List Price: \$50.00 ea.**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, 15% HST charged on all items at time of purchase

## **QUANTUM SCALAR WATCHES (CONT'D)**

One of the main invisible sources of stress affecting us today is electromagnetic pollution (EMP) which is caused by man-made electrical devices that emit or radiate biologically active electromagnetic fields (EMFs). We are constantly exposed to EMP radiated by electrical wiring and appliances, power lines, artificial lighting, microwave towers, cellphones, cordless phones, WiFi, etc. These unnatural radiations which engulf us interfere/ block/ distort/drown out nature's radiations (solar, geomagnetic, atmospheric) and negatively affect humans and most other creatures on earth. The Quantum Chip inside these watches is designed to cancel out harmful polluting emissions in the ambient environment of the wearer and to amplify, by resonance, the beneficial frequencies of the human bio-field.

**Order your Quantum Watch today and experience the calm of the undisturbed nature!**

**Disclaimer:** The above statements have not been evaluated by the FDA or Health Canada. This is not a medical device and is not intended to diagnose, treat, mitigate, or cure any disease. Please consult a health professional if you have a medical concern.

**Sgstd List Price: \$50.00 ea.**

## **LET'S SHARE SOME INFO ABOUT.....**

### **SCALAR EFFECTS**

Scalar potentials first appeared out of the equations of James Clerk Maxwell circa 1860. Scalar potentials are created in nature when two identical but oppositely phased electromagnetic waves cancel out in space. The energy of both waves continue to exist but as a quantum field of balanced energy. A Scalar field differs from a classic EM (vector) field in that it is non-hertzian (has no frequency) and therefore does not propagate through space but rather fills space. In the first half of the last century, electrical

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

pioneer Nikola Tesla (inventor of AC current and wireless) began to experiment with scalar energy (which he called radiant energy). He designed various therapeutic instruments which used this energy. Albert Einstein described scalar fields in the 1920's referring to it as 'subtle energy'. Since then, various scientific researchers have experimented with scalar generators and it is believed that scalar energy has definite biological benefits. More information on scalar energy can be found here: [Biological Effects of Quantum Fields](#).

## **THE SCHUMANN RESONANCE**

In the 1950's, physicist W.O. Schumann calculated the natural electromagnetic resonance in the cavity between the earth and the ionosphere. This resonance was subsequently detected, and the strongest of these frequencies was measured at 7.83 Hz with weaker overtones. These rhythmic pulsations seemed to be excited and maintained primarily by worldwide lightning strikes. Another noted scientist, Dr. W. Ludwig observed that this beat frequency, called the Schumann Resonance, also corresponded with the brain's center frequency of 8 Hz, which falls at the threshold between the Theta and Alpha bands. Dr. Ludwig also determined that when these natural frequencies were present then individuals were in their most healthy state, but when these frequencies were blocked, attenuated or distorted, then various maladies could arise. The main causes of interference of these natural frequencies were modern building materials, reduced ground water levels and man-made EMP. In the 1970's Dr. Ludwig began to build small magnetic pulse generators to help alleviate various maladies which were highly successful. Based on his research, NASA began to install magnetic frequency generators into spacecraft for the benefit of the astronauts.

## **THE ELF SOLUTION**

In the mid 1980's, the first EMP shielding device was invented by Dr. Andrija Puharich who had become concerned about the negative biological effects of man-made electromagnetic fields

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

especially those in the Extremely Low Frequency (ELF) band (0-100 Hz). Research results had indicated that even very weak ELF frequencies could entrain the brain and cause negative physiological effects. He also noted that a great danger of ELF magnetic fields is that they can be mutagenic in human tissues. Dr. Puharich subsequently discovered that certain ELF frequencies between 7-10 Hz could protect the individual from the negative effects of all man-made electromagnetic pollution. He then designed a miniature scalar field generator using the quartz oscillator of a wristwatch and that is the technology used in the watches listed here in this catalog.

Some reported benefits of scalar (quantum) fields are:

- DNA Protection
- Increased Immune Response
- Reduced Stress and Anxiety & Improved Sleep
- Better Concentration & Increased Calmness
- Improved Athletic Performance
- Reduced or Eliminated Stress Headaches
- Less Arthritic and General Pain
- More Vitality & A General Feeling of Well-being

***You can buy all sorts of expensive emf protection devices, but why not just wear one, built into something you already wear everyday ...a nice fashionable watch!***

## Hydrogen Hybrid Fuel Systems

### Major Breakthroughs

New breakthroughs in electronic components and fuel cell designs such as the FLASH CHIP and HYBRID HYDROGEN FUEL CELLS PLUS the ability for real time monitoring with the Autel MaxiTrip makes installation almost Plug & Play. **Now** it is possible to retrofit all your vehicles whether it be car, bus, truck, motorcycle or boat to a Hydrogen Powered system.

### Example Of ... Hydrogen On Demand ....

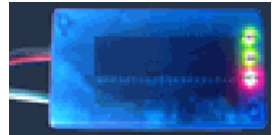

Scorpion Roadster

**40 mpg, 450 horsepower** by Ronn Motor Company

Ronn Motor Company did it in the \$150,000 SCORPION ROADSTER now being manufactured in the USA and you can do it too. Not all vehicles will run 450 horsepower but these new enhancements can increase performance no matter what style your favorite ride is.

### Retrofit Your Vehicle To Hydrogen Power

***New \***  
**for ODB II SYSTEMS**

### FLASH CHIP For HHO Systems

**BY WORLD LEADING MANUFACTURER...starting at 149.95**

- Communicates with the ECU through the ODB-II port
  - Recognizes that your HHO system is operating
  - Temporarily replaces parts of the factory Map with improved variables from the tuned Maps
  - Vehicle specific programmed 20 MHz Micro-controller
  - Safely unleashes your engine's ability to use less fuel
- Compatible with factory equipped Turbo/Superchargers, diesel engines, supplemental HHO and flex-fuel systems. It is NOT compatible with hybrid engine options, propane, or natural-gas.

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## Hydrogen Fuel Cell Systems and Accessories

### Brilyn's 9 Plate Dry Cell

**\$199.00**

Built using Brilyn's Recycled Polyethylene Side Covers and Sturdy Gaskets. Produces enough Hydrogen for small to large gas & diesel engines, even Semis and Mac Trucks. For larger engines add more dry cells.

**Price  
Slashed!**

### True Hybrid Hydrogen-HHO Generator

**~~\$199.00~~ New Price \$169.00**

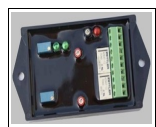

Combining the best properties of the Dry Cell and the best properties of the Wet Cell. Produces enough Hydrogen for small to large gas & diesel engines, even Semis and MacTrucks.

### Brilyn's Hybrid Wet Cell

**\$119.00**

Combining plate and wire technologies all in one cell. Clean combustion and produces enough hydrogen to supplement the fuel systems on smaller cars, boats, generators, engines.

### Digital EFIE Max for 95's/older

**\$149.00**

The EFIE Max provides digital control over the front sensors, and also allows separate analog adjustment for the rear sensors.

### Current Limiting Pulse Width Modulator 40A

**\$185.00**

***DO NOT RUN YOUR FUEL CELL WITHOUT THIS.***

This unit pulses the current to the HHO generator and automatically maintains the amperage set when the unit is first turned on. No need to manually monitor current. Prevents thermal runaway.

**Suitable for Dry Cells...**

**Printed Responsibly: Recycled Paper, Water Based Ink**

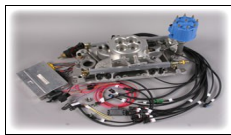

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## Hydrogen and High Performance

Hydrogen can be set up on older carburetor vehicles and can work on high performance engines as well. But once you get started you will get addicted. The ultimate hydrogen performance packages are available for specific tuning and optimizing for the best hydrogen performance.

**Custom Throttle Body  
Fuel Injection System**

**Custom Multi Port  
Fuel Injection System**

**Price varies by Engine**

## Hydrogen Fuel Cell Systems and Accessories

**Autel Maxi Trip 4-In-One  
Auto Computer**

**\$ 99.00**

Trip Computer, Digital Gauges, Scan Tool, Vehicle Black Box. Includes main unit, OBDII Cable, USB Cable, User's Manual, Sticker, CD Software. Needed for real-time engine monitoring, failure prevention and trip tracking. The MaxiTrip™ TP100 will be able to save up to 300 hours of your driving data. It works as a vehicle black box to store every trip you make and now you can save it to your PC.

**Wiring Kits  
for HHO Cells**

**Starting at \$79.00**

**Bubbler Containers  
Various Shapes/Sizes**

**Starting at \$29.00**

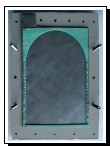

**Potassium  
Hydroxide**

**2 lb Jar \$7.00**

**Printed Responsibly: Recycled Paper, Water Based Ink**

All Pricing & Availability May Change, **15% HST charged on all items** at time of purchase

## Hydrogen Fuel Cell Systems and Accessories (continued)

### Side Cover Plates & Gaskets

(Picture shown with side cover, plate & gasket)

### Recycled Polyethylene Side Covers

Made from a tough, sturdy, revolutionary new product of recycled Polyethylene. Stronger than acrylic. Plate side is smooth with 1/16" deep recess to position gaskets securely. CNC machined to ensure strong tight seal. Resistant to UV deterioration & caustics. Includes inlet/outlet fittings for 3/8" diameter tubing.

### Sturdy Compressed Sheet Gaskets

Specifically made for Brilynn HHO cells by local manufacturer. 1/8" thick, 1/4" sidewidth, 4" x 6" outside dimensions. Resists corrosive caustics. Ensures strong tight seal and even spacing between plates top to bottom & side to side. No shrinking or swelling, prevents leaks. Last for years.

**2 Side Covers & 15 Sturdy Compressed Gaskets**

**\$100.00**

## LED Lights: Automotive

### **T10 White 12V 168 194 Light Bulbs Side Wedge Lamp**

For Replacement of indicator Lights, Reading Lights, License plate lights, Door Lights side marker light, Tail light, backup light, etc.

#### **Prices**

- **10 SMD LEDs**
- **12 SMD LEDs**
- **20 SMD LEDs**
